I'm currently staying with family after coming home to help my mother. I used to travel for work as a successful diver and contractor and did not have a home or permanent address. After the economic problems I have not yet been able to resume working in my former occupation so my location and career may change. Thankfully I am extremely adaptable and enjoy new challenges. I enjoy learning and wish to pursue a life with many interesting experiences. I do not mind traveling or relocating.

貴方の将来の希望や計画はどんなものですか? To explore more of the world and the things it has to offer, and to start a family.
貴方の将来のパートナーへのメッセージ。 I know the importance of commitment and look forward to sharing a life and helping each other grow and learn about the wonderful universe we inhabit and the beautiful people in it.
