I studied and worked in the many countries around the world, which made me multi-cultural but kept the German values and also respect the other cultures. Also through my long working and living experience in Asia, I hope to meet someone who can appreciate my uniqueness. Back to Germany, I do live and work in Southern part of Germany, nearby Munich.

貴方の将来の希望や計画はどんなものですか? I would like to share many things in life together. I am independent but stay loyal and I expect the same from my partner. I respect and expect good and open communication so that we can grow together and become the best partners and soul mates. Being cosmopolitan, I like to travel around the world to explore this nice planet, on the other side also like to lean back in my home and relax in nature. But also not afraid of trying new things in life.

貴方の将来のパートナーへのメッセージ。 I like to stay active, healthy, and sporty for a long time. Keeping up physical fitness makes oneself look and feel much younger. I am mature enough to know what it takes to have a long lasting true and happy relationship. I do hope you have the same mind-set. Are you ready to join me on this journey?
